

职业卫生技术服务信息报送卡

2024年

表号：卫健统98表
制定机关：国家卫生健康

The image shows a large, rectangular area that is almost entirely obscured by digital corruption. The corruption consists of a dense, chaotic pattern of horizontal and vertical lines in various colors, including black, white, red, green, and blue. This noise completely masks any text or data that might have been present in the original image. The only legible text is the header information located above this area.
